

A 60-SECOND TIP

3 Foundations Every Marriage Needs.

Build on these or drift.

Straight from the counseling room. Three foundations every married couple has to build on before the storms hit.

Foundation.

Without it,
marriage drifts.

Most marriages do not fail
from a lack of love.

No center.

Nobody agreed on who has the final say in the home.

No tie-breaker.

Every disagreement turns into opinion versus opinion.

No covenant.

Parents, friends, and outsiders keep getting pulled into the middle.

THE FIX

Center. Circumference. Covenant.

GOD AT THE CENTER. GOD AT THE CIRCUMFERENCE.

He is the heart of every decision you make.

He is the boundary you will not cross.

Both of you under that, and most fights disappear.

This is where marriage actually works.

Build on these and your marriage will outlast every storm.

1

CENTER & CIRCUMFERENCE

God is the heart of every decision and the boundary of every decision. Both of you fully surrendered to Him. Conflict shrinks because neither of you is the source of truth.

2

THE BIBLE IS THE TIE-BREAKER

Every marriage needs a way to settle disputes. The Word is yours. Whoever is not lining up with Scripture is the one who has to bend. No debate. No drama.

3

TRIPLE-STRAND CORD

The covenant is you, your spouse, and God. Not your mama. Not your daddy. Not your best friend. Take it to God first. Take it to each other second. Leave the family tree out of it.
